WELCOME NOTE

It is my distinct honor and high privilege to welcome you all to this Anniversary event to celebrate a significant milestone in our school's record.

Heart filled with aspirations is all that we knew since the very existence of the school and that's what gave us the ambition of marching forward till excellence is achieved in our entire Endeavour's.

It is so wonderful to see and be in the company of our esteemed chief guests Sri Valluripalli Koteswara Rao garu, Smt. Valluripalli Jayapradha garu, Sri V.V.N Prasanna kumar I.P.S, Dr. Nutheti Vidya Sagar garu, committee members, well wishers, parents, graduated students and my dear children.

About Our Organization

Collaboration is a key part of the success of any organization, executed through a clearly defined vision and mission and based on transparency and constant communication.

We are all made up of thousands of others who have been kind to us. One strong thing that has got firmly rooted in their humble thinking is that hoping for humanity.

Besides our own efforts, it is the role played by multitude of Smt Boppana Krishna Kumari garu, Founder and Director, HfH U.S.A., and Smt Valluripalli Jaya Pradha garu, Vice President, HfH U.S.A., and the extensive human kindness of our sponsors who effort very strong in giving a lift to the Human race in their mother land. We feel great to sustain our associations with our sponsors.

Thus this organization started by 20 students in 2009-10, now it reached to 254. Thank you for your uninterrupted uphold for educational support which ultimately makes us an institution of achievement.

About Our School

School is not just for the academics and to share ideas, to be around people who are passionate about learning.

School has been established in 1997 as Vikas Public School in Ramavarappadu, after shifted to Prasadampadu in 2007 and renamed as Hope for Humanity Public School in 2013. Our School got recognised by the government of Andhra Pradesh up to X class.

In our school premises a huge garden and different varieties of plants are there to develop natural immunity for the students as well as to understand visual biological study for secondary grade students.

About the Report

“Once we believe in ourselves, we can risk curiosity, wonder, spontaneous delight or any experience that reveals the human spirit.”

I have great pleasure in presenting you the Annual Report of 2019-20. This year has been a very eventful one for us.

This report is comprised of the achievements made during the year gone by and at the same time set the path for greater accomplishments in the years to come.

Apart from preparing the children to qualify for purely academic demands, special efforts are being made continuously to enable them to face the challenges of the competitive world.

It's a matter of great importance to us that the students who pass out from our portals should carry forward the values they have inherited, excel in whatever they do and be role models in the society.

Women empowerment

Women's empowerment is a movement involving respect, honor, recognition and love towards all women.

Empowerment is the process that creates power in individuals over their own lives, society and their communities.... Women's empowerment is all about equipping and allowing women to make life- determining decisions through the different problems in society.

It is a woman who plays a dominant role in the basic life of a child. Women are an important section of our society. Education as means of empowerment of women can bring about a positive attitudinal change.

Our Hope for Humanity organization Vice-President Sri. Valluripalli Jaya Pradha garu is giving her valuable and precious idea towards our poor women by helping them to learn the skills through our training Institute, by changing them from unskilled worker to skilled worker.

Regarding Koganti Narayana Rao Computer Training Centre, till today 382 women enrolled, 196 got placements in different organizations out of which 356 course completed women.

Importance of empowerment of women:

women empowerment is promotion of equal participation of women and men in decision-making because women continue to have fewer rights, lower education and health status, less access to resources and decision-making than men.

There are many gender roles socially constructed that are oppressive and needs social transformation. It is therefore, crucial for the socio-economic and political progress of India.

A series of training and awareness talks on gender-related issues like computer ,learning softskills ..etc in all of its operational areas and there by bringing them back to the mainstreams of society.

Staff

“Teacher is a lighten lamp for the student.”

We have a professional, experienced and dedicated faculty as foundation to our institution. In our school we have 100% graduated and 80% post graduated and B.Ed. staff. The movement to excelling in areas of the teaching elements was as a result of the roll out of thinking routines across the school and the increasing engagement that ensured.

With the sole purpose of updating teachers' knowledge, the school hosted a series of Teachers' Workshops. It was an attempt which inclusively engulfed various significant aspects like Moral Values, Life Skills, Meditation & Stress Management, English Language and Mathematics. Apart from this, our teachers are made a part of the training sessions and workshops happening at other schools.

We conducted service training programmes for the teachers in the month of May 2019 for five days to prepare the teachers for the next academic year with complete understanding of the systems and the students. Trainings were conducted on the topics of etiquette, Positive Attitude, Quality Education, Utilization of Math Lab and Children classroom behaviour.

Academics

“Education is the passport to the future”

The child’s academics performance is measured in a series of Formative and Summative examinations with a lot of emphasis on Learning through Doing Process.

As a new endeavour, we took a giant leap in the examination procedure through weekend tests in this year.

SSC Results:

Excellent SSC result, as always, filled us with pride and I feel honored to put forward the result of Class X here today.

In the last year 10th standard exam, our school made 100% passes out. Out of 20 students appeared 20 were recorded success in all.

The school toppers

- | | |
|-------------------------------|-----------|
| 1. Avula Naveen Kumar | - GPA 9.8 |
| 2. Gonamanda Job Jeevan Kumar | - GPA 9.3 |
| 3. Samal Rohit | - GPA 9.3 |

I congratulate the graduated students, their parents and teachers for this success. This was possible because of the continuous efforts by the dedicated staff and by taking extra classes and other remedial measures to improve them.

Digitization of the school:

Keeping ourselves up with the pace of the modern world, Complete Digitization of the school was undertaken which transformed the entire school channel through the Information Technology, bringing in more transparency and enhanced communication with parents and community.

Having the school completely digitized has innumerable advantages to the parents, teachers and the school itself. Parents can keep a real-time track of the status of their child for Periodic Results, School Circulars and News, etc. through the SCHOOL WHATSAPP on Android and Apple mobiles and through the WEB PORTAL.

Parents have a direct access to communicate with the Class-Teacher for regular update of their child. The institution has tied up with Andhra Pradesh Academy of Skill development in computer education for interactive teaching from KG to 10th.

We have Incorporated 3 digital Visual rooms for demonstration of the smart classes. The SMART CLASS provides great support through audio visual approach in addition to the normal chalk and talk method.

School Farewell: School bade Farewell to Class X Students with plenty of good wishes for a bright and successful future and blessed the students and invoked celestial blessings from the Almighty.

We are drowning in information and severely starving for wisdom today. Fortunately, we are empowered with demographic dividend knocking on our door. We just need to break the cocoon and let in the beautiful colours of knowledge. I am sure in the coming years; we shall successfully channelize the halo of the young minds to explore best of their abilities.

Towards the end, I thank the supportive management whose continuous support to our ideology of education has enabled the school to come this far. Teachers and the entire staff members also deserve applause for their tireless efforts in implementing the route map of imparting quality education here.

I also extend my heartfelt thanks to the parents of our students who have shown unflinching faith in us by giving us the profound opportunity to transform their children into truly useful citizens of the future world.

**"May be there is a road ahead of it,
May be there is a new world down the road,
Walking forth is the only plight,
Because we didn't come this far to come this far only. "**

Further I encourage the students of present class X to secure A1 grade in all the subjects and to score well. With that, let us foresee a world of universal singularity where our children are going to be the propellant of this change and the world shall be a beautiful place to live in..!!!

Thank you very much!!!!
